USE THIS PRODUCT CORRECTLY AND WITH CARE FOR THE PURPOSE FOR WHICH IT IS INTENDED. FAILURE TO DO SO MAY CAUSE DAMAGE AND/OR PERSONAL INJURY. PLEASE KEEP THE INSTRUCTIONS SAFE FOR FUTURE USE.

CRAFTERS SNAP FASTENER SET

Stock code: B3730

Instructions for use:

- Each pack of snap fasteners comprises of 4 separate parts; a top & bottom white or coloured snap cap (same part), a bottom snap ring (male) and a top snap ring (female). It doesn't matter which way around the snap rings are fitted, providing that you have one of each otherwise they won't snap together.
- The snap fasteners are supplied in 3 sizes and use either the T3, T4 or T5 bottom dies (D,E,F) and one of the two forming stamps T3/T5 or T8 (B or C). (Select the correct size die and forming stamp for your chosen snap fastener combination).
- The supplied screwdriver can be used to unscrew the slotted lower die securing screw and the upper cross head die forming stamp screw, when installing removing dies & forming stamps.
- If a hole does not exist in the material, you can use the sharp tipped awl to make a small hole for the prong of the top/ bottom caps to go through.
- Place either a top or a bottom cap (same product) into the lower die (D, E or F) and then insert through the material.
- Place either a male or female snap ring onto the protruding prong sticking through the material and then gently, but firmly squeeze the fastener plier handles together to form the rivet.
- Repeat step 6 using the opposite style of snap ring (either female or male) so you have a matched pair – one male & one female) and squeeze the faster pliers again to form the other snap fastener.
- You should formed a pair of snap fasteners one on each side of the material that will snap together.

- A. 1 x snap fastener plier
- B. 1 x T3 / T5 forming stamp
- C. 1 x T8 forming stamp
- D. 1x die for T3 button
- E. 1x die for T5 button
